Hello Families, residents, staff and friends –

I sadly share that we lost another resident family member. Our prayers are with her family during this difficult time.

This is our daily prayer: Dear Jesus, Divine Physician and Healer of the sick, we turn to You in this time of illness. O dearest Comforter of the troubled, alleviate our worry and sorrow with Your gentle love, and grant us the grace and strength to accept this burden. Dear God we place our worries in Your hands. We place our sick under Your care and humbly ask You to restore your servant to health again. Above all, grant us the grace to acknowledge Your Holy will and know whatsoever You do, You do for the love of us. AMEN.

Our test results from Thursday 10/22 are all back. We had 9 new staff members test positive and 11 new residents. All families were contacted yesterday and we will keep you updated. Strangely some of the staff still have no symptoms. The testing that was done is the most accurate. We will test again on Thursday 10/29. We are receiving staffing assistance through FEMA with VA nursing help! We are most grateful to all partners.

Thank you for your prayers as we provide support and care to those who are ill. Nursing will be keeping you updated with changes in symptoms and your loved ones condition. Ellen, our social worker, is also helping with updates and communication on advance directives.

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a large loop at the end of the name.
