November 7, 2020

Hello families, residents, staff and friends,

Sadly, we lost another resident family member. We assure that no one leaves us alone. As with anyone we loose from our family, our thoughts and prayers are with family members.

Our testing results are trickling in. We do have one positive staff member. No symptoms. I will update you if we have any other positive results.

Please know that much of NH is in substantial Covid-19 transmission status. The number of active cases per 100,000 is growing!

I encourage everyone to be safe! Wear a mask, social distance – 6 feet, avoid large gatherings of any kind, and avoid travel, our surrounding states are not doing well!

Remember that NH's status is "Safer at Home". Enjoy a lovely walk during this warm weather.

May the Lord Bless you and keep you safe!

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a large initial "L" and "R".
