November 10, 2020

Hello families, residents, staff and friends,

I am hoping, with all my heart and prayers, that my messages soon will be more uplifting and positive. Sadly we lost another resident family member today. Our thoughts and prayers are with family.

We had the one staff member test positive with our testing last Thursday, and we are testing again on Thursday. Results will come on the weekend.

Community spread throughout our lovely state is very scary. Please stay safe.

May the Lord Bless and keep us.

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a large, sweeping flourish at the end.
