November 16, 2020

Hello residents, families, staff and friends,

We have our first week of no new positive residents or staff! We have our results back from last Thursday and we just need this Thursday's testing to be without any positive results. We will then be out of OUTBREAK status.

We are making room changes to congregate all former positive residents together on our Trinity wing. We will then have Bridge wing for all negative residents and new admissions on quarantine.

Thank you for your support and prayers.

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a large, sweeping flourish at the end.

Luanne Rogers
Administrator
