November 20, 2020

As this week before Thanksgiving ends, we have finished this week of Outbreak testing with National Guard. We will be getting results this weekend and keep your prayers going. If no new Positive staff or residents, we will be cleared from Outbreak status. We on our way to recovery. Of course the increase positivity in the Manchester community has a very concerned. We have educated all staff on Holiday travel restrictions and limits to gathering sizes. But a number of new centers are reporting outbreaks. Keep us in your prayers.

We have pleased that Governor Sununu issued an Emergency Order (#74) on 11/19/2020 instituting a statewide mask mandate in New Hampshire. Beginning on November 20, 2020, all persons over the age of 5 within the State of New Hampshire shall wear a mask or cloth face covering over their noses and mouths any time they are in public spaces, indoors or outdoors, where they are unable to or do not consistently maintain a physical distance of at least six feet from persons outside their own households.

Since window visits and Google Duo visits have been our best friends for visits:

- To facilitate window visits and our room changes, Rachel and Life enrichment team, worked together to put laminated room #s facing outside to rooms can be more easily identified. Thanks for the suggestion!

I will be updating you on our test results when I have them all. Have safe weekend.

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a large loop at the end of the last name.
