December 11, 2020

Hello Families, residents, staff and friends.

We tested staff on Tuesday and all were negative. We begin our staff testing 2x a week next week. Monday and Thursdays.

Reminding everyone to keep their circle small and close for the holidays. The high positivity and many outbreaks across NH, has us working our holiday spirit inside St. Teresa for residents and staff. Windows and doors are being decorated. You can find gnomes, snowflakes, stocking and more. We are making angels too. See below.

There is no further information about the vaccine clinic coming to St. Teresa, we only know it will be coming.

Kindly,

A handwritten signature in black ink that reads "Luanne Rogers". The signature is fluid and cursive, with a long horizontal stroke at the end.

Luanne Rogers
