

December 23, 2020

As we approach Christmas, all of us at St. Teresa wish you the very best this season, as different as can be from any other. We are only hoping to keep everyone safe and well.

This is our Christmas wish.

We tested on Monday, and had 2 staff members test positive. They are quarantined.

The community spread is very hard for everyone to protect themselves from.

It appears to be family members bringing it home with no symptoms and infecting our hardworking staff members.

All of those in our care remain well.

We are doing our best to accommodate your window and video visits for the holiday. Please be patient. Ellen and I will be here on Christmas to assist.

Our first vaccination clinic is scheduled for Monday, Dec 28th. I am very excited we have this opportunity. Please let us know if you have any questions.

We need to submit our list tomorrow. You should have return permission/consent to Ellen Eldridge. Again call with questions.

This is exciting protection we hope to provide.

May the Christmas Star shine brightly in our lives to guide us to a brighter and safer 2021.

Kindly,

Luanne Rogers
Administrator
