Hello Families, residents, staff and Friends.

We are ready to take the leap, with all of you, into 2021, with the belief that the Lord will bless us and guide us into a Healthier and Happier New year!

We have begun our vaccinations! We are testing staff and residents - all resident and staff were negative this week! Will test again on Tuesday!

We hope and pray that the community spread begins to dissipate, we are still at a high-positivity rate surrounded by higher.

I worry that these holidays will make it worse, not better, but hope everyone stays safe and close to home.

Wishing you all the blessings of a wonderful new year!
