Happy New Year one and all. We all are wishing for that healthier New Year!

- **Testing:** We continue to test and we had a POSITIVE staff member. Based on that, we still need 2 weeks with no positive results in a row to move out of outbreak status. The positive cases are coming from the community. Testing again tomorrow. No symptom in any residents. Later this month, we will be moving to testing EVERYONE again who was positive in October. Right now, we are still in our 90-day widow and we don't test formerly positive residents or staff. I will let everyone know when we test everyone again.
- **Vaccine:** Our second dose of the vaccine is coming to us Next Monday 1/18. You will have received an email from Ellen, we need a consent signed for the second dose as well. I have attached it for your use. If you are having trouble getting us the signed consent, please call and speak with Ellen. Many thanks for your prompt attention. We should have all residents vaccinated, except for one, when we are done!
 - Staff are also getting vaccinated. We have a education campaign going strong and we have our "I got vaccinated" buttons to wear.

Please stay safe. The positivity rate this week has risen again. We are up to 19.7% of Hillsborough testing positive. 1 out of 5. Wear your masks and stay away from crowds.
