Hello Residents, Families, Staff and Friends:

Just a quick update. We have a positive staff member and we are in watch status. This means we are closed to visits and admissions until we have 2 weeks of testing with no new positives. For those with visits scheduled, we are sorry. We are testing all staff and residents on Monday. I will keep you informed. Please reach out if you have question. Thanks for understanding our abundance of caution approach.

Kindly,

Luanne Rogers, LNHA
Administrator
