Hello Residents, Families, Staff and Friends:

**Testing:** We tested everyone Monday. **All** residents and staff - with the mobile response unit assisting us. We had most of our results back by Wednesday (**NOT** detected), but 3 tests needed to be done again. They leaked in transport. So we retested and submitted them. **Good news**, all are finally back and we have **NO** new positive results!

We need 2 rounds of testing with No new positive results, to be cleared off watch status by the Department of Health. So our next round is tomorrow, Monday.

**Good news**, Manchester Public Health has released us to restart visits. So you can call tomorrow to schedule for this upcoming week.

**Speaking of Visits, Mother's day** is fast approaching and we are trying plan for you to be able to visit on this special day. Because everyone needs to remain masked, and distant, we cannot offer a food event. But you could let us know if you would like to have an in person visit on Sunday, May 9<sup>th</sup>? Email me or Rachel. Once we have an idea of numbers, we will get back to you. We will do our best to make this work.

Our outside landscaping cleanup is done, including the courtyard. The plan is to get the awning up this week and tables and chairs cleaned and out. We are excited to get our courtyard ready for the season and visits.

Kindly,

**Luanne Rogers, LNHA**  
Administrator
