January 3, 2023

To our Residents and Family members:

We would like to provide you with an update as to the status of Covid 19 in the facility. As of today we have 1 additional positive resident. This means we have a total of 2 active positive resident cases. All other resident cases have resolved and staff have returned to work. We are continuing to test our residents and staff. Our active positive residents remain on Transmission Based Precautions. If you do decide to visit, we strongly encourage mask use and social distancing while visiting with your resident. We are in contact with the Manchester Department of Public Health and will keep you all informed to changes as they occur.

Warm Regards,
Diane Brace, RN
Interim Director of Nursing Services
St. Teresa Rehabilitation & Nursing Center
